Paulina Targosz.

Front-end Developer · UX/UI Designer

Front-end developer with 6 years of React & Angular and 4 years of UX/UI design – from user interviews to tested production code. In the last year I designed three AI products for pharma and enterprise clients. I write code both by hand and with AI tools, choosing whatever fits the task best.

01 Selected projects

2026 · Self-initiated · Marketplace redesign

DriveThruRPG.

Heuristic UX audit of the biggest tabletop-RPG marketplace (87 insights across 6 pages), a shadcn/ui design system with light & dark tokens, 12 mockup screens, and the redesign built as a working React storefront on a ~140-endpoint mock API.

- **Build:** React 19 + TypeScript, TanStack Router & Query, Zustand, React Hook Form + Zod (every API response validated), Tailwind CSS v4 + shadcn/ui.
- **Quality & delivery:** Vitest with published coverage, EN/PL i18n, accessibility, GitHub Actions CI, Cloudflare Workers.

02 Experience cont.

UX/UI Designer @ ITTI — 2023 – 2025

Complex workflows and data-heavy interfaces – research, UX audits, prototypes, design systems and branding:

- **Warehouse & production tracking** – scanning and tracking materials from warehouse through production; high-visibility UI for large touch screens.
- **Waste management panel** – data-heavy operations dashboard bringing all material data into one place.
- **Text transcription & classification** – complex review workflows; plus a parking-map proof of concept.

Figma · Photoshop · Illustrator · custom design systems

Front-end Developer @ JCommerce — 2016 – 2022

Primarily React, plus Angular, on outsourced projects (clients confidential):

- **Modular automotive platform** ~2.5 yrs – built two modules in React & Redux with tests, in Scrum; grew from junior to regular.
- **Large Polish e-commerce platform** ~1.5 yrs – React with unit testing, in Kanban.
- **Transplant coordination system** – Angular panel for public healthcare, moving paper documentation into one system.
- **Also:** a UK sports betting platform in React; a Firefox extension connecting a watch with a web app.
- **Mentoring:** led front-end mentoring programs on technical skills and best practices.
